Subject: URGENT - OSC Needs Coordination with you on Oil Spill at Falcon Refinery Superfund Site

Chris Ruhl is responding to an oil spill at the Falcon Refinery Superfund Site in Corpus Christi Texas. Reportedly 2 of the three storage tanks in the center of the refinery have failed and app 28000 bbls of oil have escaped into containment. Up to approximately 1000 BBIs have escaped into a nearby wetland. The release is secured and Chris is overseeing pumping of recovered oil into barges.

Rafael/Gloria - Chris needs to coordinate with you on this release and cleanup. Please give him a call at 2147899587 ASAP.

If I can be of assistance or answer any questions, please contact me at (214)665-7548 or via email at hansen.mark@epa.gov.

Sincerely,

Mark Hansen
Associate Director for Prevention and Response(6SF-P)
Superfund Division
